Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Response to Amendment

1. The Amendment, filed on 4/21/03, has been entered and acknowledged by the Examiner.

Allowable Subject Matter

2. Claims 1-10 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to show or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the combination of limitations including a mask with a support blade structure formed of a material with a first coefficient of thermal expansion, an insert member formed of a material with a second coefficient of thermal expansion, wherein the insert member has a plurality of apertures positioned along its length. Nor does that prior art exemplify that the frame should further comprise at least one fastening portion connecting the insert member to the support blade structure at a generally central location of the insert member as well as fastening portions connecting the insert member to the support structure through the apertures whereby the opening of the apertures are dimensioned to have a respective clearance for loosely receiving a respective fastening portion.

Regarding claims 2-8, claims 2-8 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Regarding claim 9, the references of the Prior Art of record fails to show or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the combination of limitations including a support blade structure having an insert member connected to the support blade structure at a generally central location of the insert member, the insert member further comprising a plurality of apertures extending from the central location along its length and fastening portions extending through at least one of the apertures to connect the insert member to the support blade structure wherein the apertures are dimensioned to be larger than the fastening portions to permit movement of the support structure relative to the insert member along the length of the insert member.

Regarding claim 10, claim 10 is allowable for the reasons given in claim 9 because of its dependency status from claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
